	Comments	Great event, just wish all our GP Practices did these.	Great venue and a really welcoming and friendly atmosphere.	Really clean, bright, accessible, great for parking, plenty of space.			N/A

	Comments	I didn't get time to walk around the other stands, we were kept very busy. Maybe more time at any further venues as Health Checks were popular.	Easily accessible, clean and enough space for the venue.	I didn't really use the facilities.	I felt that there was a certain age cohort of patients attending. We could have done with targeting a younger age group who don't have regular health checks.

	Comments	Surprising and heartening to see so many people turn out for a Saturday afternoon event. We spoke to lots of people we hadn't met before and it was a very positive day.	Light, airy and clean with enough space and refreshments available.	Can't fault them. Good to have a car park handy as well.	Our service is available to all Tameside residents and our prime function is to find out about their health and care experiences, so it matched perfectly.

	Comments	Well organised, we could have done with more people doing BPs etc as people queuing missed some of the stands.	It's a great venue, easy to park and a nice space to work in.

	Comments	I was really impressed with the organisation of the event, the range of services you had there talking about their work, and the number of patients you had attending. It was the best event of its type that I have attended.	Lovely venue - I've been there before and it's a really nice space. Lovely and light, good location, and easy parking. Only slight question - I don't know if it's easy to access for public transport? Was this a barrier to patients attending in any way?	All great - lovely to have tea and cake available :)	We got lots of people booked in for our service, and I think people really benefitted from seeing it as a Practice offer, as well as a wider project.		No, everything was very smooth, well run and all-round excellent event.
